# Policy gate + consensus hardening + runtime shield + signed ledger

## The control plane layers

Policy Gate

Consensus Hardening

Runtime Shield

Signed Trace Ledger

Every action is gated, traced, and replayable.

Resilience + Policy + Evidence

# Signed trace ledger and audit trail

## Demo flow

Submit request □ Inspect payload □ Retry safely □ Break or commit □ Export trace

Built for the AI Infra Summit Hackathon.

Replayable evidence. Fail-closed behavior. Production-ready control.
